**Subject:** Heads up on letter from Dick P to Dennis re: response to CZARA/NOAA letter

Hi Dan and Christine,

Gene Foster asked that I give you both a heads up that Dick Pedersen will be sending a letter to Dennis responding to the December 2012 CZARA/NOAA letter in the next 1-2 weeks. He asked that you let Dennis know, if possible. The letter will say that ODEQ won't be able to submit the Mid-Coast TMDL by June 2013 as originally agreed to.

ODEQ will then send a second letter (~2 weeks after the first letter) with the expected timelines and schedule for when the Mid-Coast TMDL will be done. The 2nd letter will discuss the time needed to finish the technical analysis and the uncertainty of the OR temp WQS litigation and its effects on the timing to complete the Mid-Coast TMDL.

Thanks,
